

Security organization worksheet

Part 1: Describe your security interests

- Cybersecurity Analyst.
- Cloud Computing Architecture and Security.
- Cybersecurity Attack and Defense.

Part 2: Identify three organizations and include their mission or objectives

- **Organization 1: OWASP – The Open Web Application Security Project:**
The OWASP Foundation is the source for developers and technologists to secure the web.
- **Organization 2: CSA – Cloud Security Alliance:**
The Cloud Security Alliance (CSA) is the world's leading organization dedicated to defining and raising awareness of best practices to help ensure a secure cloud computing environment.
- **Organization 3: H1 Hacker One:**
Hacker One is the world's leading organization of ethical hackers. Their platform combines security experts with automation to pinpoint critical application flaws before they can be exploited.

Part 3: Write out which organization aligns with your interests and why

- **Organization 1:** The OWASP is a very influential cybersecurity organization. However, even though it provides plenty of information to cybersecurity experts, it doesn't have any particular specialization.
- **Organization 2:** Due to the rapid evolution of cloud computing, the demand for security specialists in this field has never been greater.
- **Organization 3:** I love ethical hacking. In fact, I have already been involved in HackerOne for about two years.
- **Best choice for my professional interests:**

I am already a member of HackerOne. However, I will research joining the CSA since cloud computing technologies are rapidly evolving and there is high demand for security specialists to secure the networks.
